Fine Time

Eraserheads

Chorus:
I hope we could spend more time together
A few hours is better than never
If we could only make it longer
A whole day would be fine
A whole day would be fine
A whole day would be fine
A whole day would be fine
I think it's time to clean your car
I'm not home if someone calls
We could go out for a day
We could sing some songs we hate
Why not swim in someone's pool
Jump a crane 12 storeys high
Have a picnic in my room
Sit outside and watch the moo
(chorus)
We could drive in to the malls
Or stay home and watch TV
I don't care if we don't have lunch
Just as long as we have iced tea

I could take you to a film
Hunt for books and magazines
Is that new song out on sale
I think that dress is kinda pale
(chorus)
There are times when we disagree
My heart sings to the sea
I'm always anxious when we kiss on me
Please don't tire of understanding me
Being with you makes me feel so safe
I don't care if we go out of town
I don't care if we sleep all day
Basta't kayakap ka ay okey
(chorus)
A whole week would be fine
A whole month would be fine
A whole year would be fine

A decade would fine
A century would be fine
Fine, fine time (4x)
Forever would be fine. . .
