

I Do Now

[Leann Rimes](#)

I never knew how people wound up in a bar
In the middle of the day
Broken souls with broken lives
From the choices that they made
I didn't know how much I had to lose
When I threw it all away
But I do now, I do now
Oh, I'd give anything
If I could just go back in time somehow
I wouldn't break your heart
I wouldn't break those vows
If I could lift that veil and look you in the eye
And say I do now
Standing before God and all our friends
In that little church
Barely listening to a thing that preacher said

Just repeating every word
I didn't have a clue what it all meant
But girl, for what it's worth
I do now, I do now
Oh, I'd give anything
If I could just go back in time somehow
I wouldn't break your heart
I wouldn't break those vows
If I could lift that veil and look you in the eye
And say I do now
I wouldn't break your heart
I wouldn't break those vows
If I could lift that veil and look you in the eye
And say I do now
