Big Blue Sky

Sarah Buxton

I suppose it's time to see where this will go
Let's say all the things we already know
Let's start making plans, I want you to see
I ain't got a doubt, you're the only one for me
I'm gonna step up, gonna stand tall
I'm gonna take your hand and understand
When you need a place to fall
Gonna come through, stick up for you
And anytime you want to fly
I will be your big blue sky
This new world is tough, love can lose its way
You and I gotta be strong, take it day by day
We've got something real, we can make it last
I'll give you my word, I'll never take it back
I'm gonna step up, gonna stand tall
I'm gonna take your hand and understand
When you need a place to fall
Gonna come through, stick up for you
And anytime you want to fly
I will be your big blue sky
Big blue sky in your eyes
Big blue sky
I'm gonna step up, gonna stand tall
I'm gonna take your hand and understand
When you need a place to fall
Gonna come through, stick up for you
And anytime you want to fly
I will be your big blue sky
Anytime you want to fly
I will be your big blue sky
