

# Jigsaw (♫†Taku Takahashi Remix)

## Lady Sovereign

[Chorus]

My hearts like a jigsaw puzzle  
Pick it up and fix it for me  
Can you figure it out? [Repeat: x2]Are you listening now?So I'm smoking like a chimney  
I feel fucked up  
I got too much drink in me  
Its a shame that you cant be aroundI got you on mind I got shit on my mind  
I got plenty of time to just sit and rewind  
And just call up your line  
And sip on my wine  
Cause this is bugging me out  
And I wish you were mineI went too far, stole your car  
Messed about,but heard me out  
Didn't mean to scream and shout  
But wont you for give me now?[Chorus]So I'm kinda pissed off  
I mess the way we use to get off  
And the way you that you held my hand when the fruit was dropped  
Now I'm feeling kinda lostGot you on mind I got shit on my mind  
I got plenty of time to just sit and rewind  
And just call up your line  
And sip on my wine  
Cause this is bugging me out  
And I wish you were mineI went too far, stole your car  
Messed about,but heard me out  
Didn't mean to scream and shout  
But wont you for give me now?[Chorus: x2]
