

# Confrontation

## Tlb

Funk Flex, Big Kap

Mary J, Def Jam, let's go

Confrontation, confrontation

Confrontation, confrontation

Confrontation, confrontation

Confrontation, confrontation

Are you mad

Because I turned it around?

But if I stayed the same

You would still be running your mouth, oh

You never doubt the Queen of hip hop soul

I never let you down 'cause I'm on a roll

My new CD is in your store

So pick it up and feel my soul

Confrontation, confrontation

Confrontation, confrontation

Confrontation, confrontation

Confrontation, confrontation

Everybody wants to know where I've been

'Cause living life the way I do seems to be a sin, oh

But that stuff follows me everywhere I go

Get out of hair 'cause shit is out of control

Don't come too close too

'Cause you never know what I would do if you disrespect me

Confrontation, confrontation

Confrontation, confrontation

Confrontation, confrontation
