

# The Difference Is Why

[Lenny Kravitz](#)

I'm just a human  
I never said I was God  
And each day I wonder where you are  
Ah, ah, how could our lives once be so together?  
Now we're apart  
I know we can make it  
But where do we start? Sometimes the scales they get unbalanced  
Don't you know the reason, why ?  
The difference is why  
The difference is why You say you can't trust me  
Have you tried?  
You say you don't love me  
That's a lie  
Ah, ah, there are so many so many rainbows  
That we were to climb  
But baby, baby, why can't we survive?(Ahh)  
We've got to get our heads untangled  
(Ahh)  
And free our state of mind  
The difference is why  
Hey yeah, uhh, the difference is why
