Craving Your Love

Temperance

(H. Der Hovagimian)
Craving your love, craving your love
Oh-oh-oh!
Oh-oh-oh!
Craving your love
Baby let's reminisce the love we used to share
When you'd take me from my queries-always stepping into blame
No no one ever made me feel the way you'd make me feel
Why do I feel the guilt I feel, such a shame (such a, such a shame)
Such a shame, who's to blame you did me wrong
You had me crying like a fool all for love
(Your) back was all I saw, you walked away from me
I understood your message but I still can't let you go (no-woo-oh)
I still just can't believe, the way your love affects me
Has gotten me oh so crazy
'Cause I'm craving for your love (love)
You've taken it all away
You've got to gimme some, gimme some (oh-oh-oh)
Of your love
Now I'm crying for your love (love)
You've taken it all away
You've got to gimme some, gimme some (oh-oh-oh)
Craving your love (craving your love)
Craving for your love
Craving for your love
(Craving your love)
Inside my heart there lies a struggle that's between
The joy and love that's from my past and pain you still can't see
Freedoms in my life, wisdom wants to let you go
The sorrow in my heart-it simply makes me lose control (oh-woo-oh)
I still just can't believe, the way your love affects me
Has gotten me oh so crazy
'Cause I'm craving for your love (love)
You've taken it all away
You've got to gimme some, gimme some (oh-oh-oh)
Of your love
Now I'm crying for your love (love)
You've taken it all away
You've got to gimme some, gimme some (oh-oh-oh)

Craving your love (craving your love)
Craving for your love
Craving for your love
(Craving your love, craving your love, craving your love)
Crazy! craze-crazy, crazy, craze-crazy, crazy, craze-crazy, crazy!
I can feel your pain when you hurt inside
I can sense your fears when you're by my side
I need you to know what I feel for you
No baby I can't stand it
'Cause I'm craving for your love (love)
You've taken it all away
You've got to gimme some, gimme some (oh-oh-oh)
Of your love
Now I'm crying for your love (love)
You've taken it all away
You've got to gimme some, gimme some (oh-oh-oh)
Craving your love (craving your love)
Craving for your love
Craving for your love
(Craving your love, craving your love, craving your love)
