

# Blue Spotted Tail

## Fleet Foxes

Why in the night sky are the lights hung?  
Why is the earth moving 'round the sun?  
Floating in the vacuum with no purpose, not one  
Why in the night sky are the lights hung? Why is life made only for the end?  
Why do I do all this waiting then?  
Why this frightened part of me that's fated to pretend?  
Why is life made only for the end? In the city only for a while  
Here to face the fortune and the bile  
I heard you on the radio, I couldn't help but smile  
In the city only for a while Why in the night sky are the lights hung?  
Why is the earth moving 'round the sun?  
Floating in the vacuum with no purpose, not one  
Why in the night sky are the lights hung?
