Half On a Baby

R. Kelly

Oh na na na na na na
Baby your body, your body na na na na
Oh na na na na na na
Baby your body, your body na na na naTurn the lights down low, I'm ready to break it off
Since computer love, been wanting to set it off
Like a hotel room, I'm checkin' in to you
I'm diggin' like a shovel, all the things you doTake a leap over the broom
That's how you're makin' me feel
Come on in this room
And let's keep it real and goHalf on a baby
All I need is your body next to me
Singing ooh na na na na na na
Give me your body your body na na na naHalf on a baby
All I need is your body next to me
I'm singing ooh na na na na na na
Give me your body your body na na na naNow tell me what the deal is, are you ready to bump?
It's gonna take a lifetime to give you all of this love
So baby open up and get ready to receive
A miracle of love, gettin' down with meLike a baseball field
Wanna hit a home run
Me and you get together babe
And raise a little oneHalf on a baby
All I need is your body next to me
Singing ooh na na na na na na
Give me your body your body na na na naHalf on a baby
All I need is your body next to me
I'm singing ooh na na na na na na na
Give me your body your body na na na naSet it off in a six, baby that'll be cool
Take a trip downtown between me and you
Sippin DonPerigdon, conversation like what
Not afraid to go down, why don't you open up?
After nine to five, you deserve some twelve
Makin' future plans, to be where I dwellHalf on a baby
All I need is your body next to me
I'm singing ooh na na na na na na
Give me your body your body na na na naHalf on a baby
All I need is your body next to me
Singing ooh na na na na na na
Give me your body your body na na na naFrom my toes up

To my knee caps
To waist line
Now slowly lady
Can we go half on my baby?From my toes up
Up to my knee caps
To waist line
Slowly lady
Can we go half on my baby?Half on a baby
All I need is your body next to me
I'm singing ooh na na na na na na
Give me your body your body na na na naCan we go half on my baby?
Half on a baby
All I need is your body next to me
I'm singing ooh na na na na na na na
Give me your body your body na na na naCan we go half on my baby?
Half on a baby
All I need is your body next to me
I'm singing ooh na na na na na na
Give me your body your body na na na na
