

# Remember The Name

aretzki

(Swollen)  
The Crew's Thick  
(Swollen)  
The Pak is phat  
(Swollen)  
The Beatz are bad  
(Swollen)  
Look at that, see that ass  
(Swollen)  
Pump pump pump, pump it up  
But don't turn us down  
New shit  
(Swollen)  
New Sheriff's in town  
I'm about to show you somethin' brand new  
I ain't frontin' but there ain't nothin' I can't do  
Listen man, I'm tellin' ya you can too  
Man you got no idea what the heck it took to get me here  
I'm talkin' big hockey bags dragged back and forth  
Bring it down south and get more from back up north  
So I can stack up more, no matter attack with force  
26 inch rims, Cadillac of course  
Now that I'm single this shit takes practice  
Everyday a new attractive actress on my mattress  
Stress relief I'm a basket case  
Gimme a six pack breast implants and a plastic face  
Ass bangin' with them stupid thighs  
I like my girls petite and super-sized  
I got love man that shits real  
I just got to take a few more laps around the field  
The Crew's Thick  
(Swollen)  
The Pak is phat  
(Swollen)  
The Beatz are bad  
(Swollen)  
Look at that, see that ass  
(Swollen)  
Pump pump pump, pump it up

But don't turn us down  
New shit  
(Swollen)  
New Sheriff's in town  
You about to know me in a big way  
It's Moka O, the name that all the kids say  
Hey, I hope you know the game is in for a change  
You love me 'cuz I'm always known to spit strange  
They get strange with it plus I get change  
Enough to cop the H2 in the range  
Playa, I don't hate you or the game  
Y'all hate ya self because you play the same  
I'm being fucked around, it's time to change the rules up  
Y'all can still move your ass we got the new stuff

It's evidence on the track, you know the crew, what?  
Swollen were super extra like a new truck  
The 26 inch spinners that don't rub  
Makin' all the jaws drop outside the clubs  
I know you wanna sing along do it up  
But you gotta spread the word tell 'em who you love

The Crew's Thick

(Swollen)

The Pak is phat

(Swollen)

The Beatz are bad

(Swollen)

Look at that, see that ass

(Swollen)

Pump pump pump, pump it up

But don't turn us down

New shit

(Swollen)

New sheriff's in town

The crew is called Swollen

Remember the name

The heat that we holdin'

The Members spit flames

Yo', it's unfair to put us in the same class

Before the ice melts I drain the whole glass

Ahh, nothing but fumes are left

I'm often half cocked talkin' under my breath

Girls in the bathroom perfume on the chest

So when they walk through the club, damn she fresh

They shift off the wall like zero-gravity

We hit you all we don't spare no casualties  
Glasses clink, asses shake  
Some chick wearing pink rocking boots made of snake  
Cop this disk and tell the disk jock  
To let this rock to the two on his wrist watch  
There's a new Sheriff in town  
Don't make my pistol whistle like sweet Georgia Brown  
We got this song stuck in your ear  
With the sound so original there's nothing to clear  
The Crew's Thick  
(Swollen)  
The Pak is phat  
(Swollen)  
The Beatz are bad  
(Swollen)  
Look at that, see that ass  
(Swollen)  
Pump pump pump, pump it up  
But don't turn us down  
New shit  
(Swollen)  
New Sheriff's in town
