The dream just escaped me again over breakfast I could here you in the garage building insects. I know the knock C'mon I just put on the coffee. I know that knock they wanna come inside and speak with me At the door came the knock of The witness just wants to talk to you Did you see the look on the face of the kid he brought with him? I never once seen a teenager look so radiant You said " Why did you get so sentimental over them?" I wasn't it's just it's been a long time since I was moved to crying At the door came the knock of The witness just wants to talk to you and in the car you said " Everyone is suffering." At the door came the knock of The witness just wants to talk to you Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
