

Stop Me Now (ft. Dolla Boy)

2 Chainz

Nothing in the whole wide can stop me
Ooohhhh Nooothing can stop me
Nothing in the whole wide world can stop me
Oooohh Loving yoooooooouuu
Nothing in the whole wide world can stop me
Nothing, Nobody
Can stop me from Loving yoooooooouuuuForeign exchange, i walk in the rain,
Still wont get wet
Nigga flick up the flame
Twist up the game
Switch up the chain
Play peek-a-boo
I take ya girl and her friend and do a switch-a-roo
Started with a nick and got a 62
It was memorable my plan is worth diggable
Used to stashing work off in a inner tube
In middle school
I worked the trap
No interviews
Just told shawty that im in to you
Im the type that make a old school a Bentley coupe
Turn one to ten
That's what i tend to do it's an amber alert i gotta missing roof
It was black and it was travelling fast
I love you now I dont care about your ratchet past
Designer shoes
Matching bags
Let them niggas pop shit baby we popping tags
If I ever fall off ill be hopping back
Got a bad bitch with me told her hop in back
My car speak
She dark meat
I be eating MC's nigga shark teeth
Velourz hoodie i ask em whats for goody
If you are what you eat but i am not a pussy
You couldnt stop me with a bunch of Uzi's
And all we really do is shoot a bunch of movies
Started from the bottom now we at the top
Graduated from high school and bought a choppa

Orville red and bocker bitch we got it poppin
On the block with that white girl
Cindy lauperStarted from the bottom now we at the top
Graduated from high school and bought a choppa
Orville red and bocker bitch we got it poppin
On the block with that white girl
Cindy lauper
When they saw me they used to think of dope
But now when they see me they just think of hope
Inspiration
No infiltration
Them niggas hatin
I got they bitches naked
Hand full of ones pocket full of Hunn
If i was sellin swag man i woulda sold it to em
Designer sneaks
Leather seats
They say money talk thats why you never speak
Every verse i do is a rest in peace
Wish this highway to heaven had an extra seat
Rap game
Extra sweet
Big ass charm conversation peiceMillion off rap but the trap was sweeter
When dealings on the block
All prices cheaper
I been doing this since guess and fila
They say my entourage each car four deep
Eight heaters
Drop the middle man to cut the cost
They say my whole click cut from a different cloth
And of course we pay the cost
With each block that we off
Ya take off
And call back
It aint our fault that ya lost ya lil bitch
Ask ya boy bout them forty he lost
Talk slick glock forty ya boss
now you the president
Fresher than
Peppermint
Whip tint till six
Bond number nine flow wall street bidness bitchStarted from the bottom now we at the top
Graduated from high school and bought a choppa
Orville red and bocker bitch we got it poppin
On the block with that white girl

Cindy lauperStarted from the bottom now we at the top
Graduated from high school and bought a choppa
Orville red and bocker bitch we got it poppin
On the block with that white girl
Cindy lauperNothing in the whole wide can stop me
Ooohhhh Noooothing can stop me
Nothing in the whole wide world can stop me
