

# See You in Hell

## Grim Reaper

See you in hell Can I make you an offer? You can't refuse  
I kept my eyes on you 'cause I tell you that you lose  
And you can come with me to a place you'll know so well  
And I will take you to the very gates of Hell See you in Hell my friend  
See you in Hell my friend  
See you in Hell my friend  
I'll see you in Hell See you in Hell my friend  
See you in Hell my friend  
See you in Hell my friend  
I'll see you in Hell, oh yeah, see you in Hell Your choice's up then how many sins can be yours  
At my kingdom final choice is yours  
You can take it any time that you need  
Next thing I'll borrow all you've got to do is bleed See you in Hell my friend  
See you in Hell my friend  
See you in Hell my friend  
I'll see you in Hell See you in Hell my friend  
See you in Hell my friend  
See you in Hell my friend  
I'll see you in Hell, oh yeah Come with me, I will take you down to the very depths of your soul  
And I'll make you burn  
See you, see you in Hell  
See you, see you Can I make you an offer? You can't refuse  
I kept my eyes on you 'cause I tell you that you lose  
And you can come with me to a place you'll know so well  
Like I told you at the very gates of Hell See you in Hell my friend  
See you in Hell my friend  
See you in Hell my friend  
I'll see you in Hell See you in Hell my friend  
See you in Hell my friend  
See you in Hell my friend  
I'll see you in Hell See you in Hell my friend  
See you in Hell my friend  
See you in Hell my friend  
I'll see you in Hell See you in Hell my friend  
See you in Hell my friend  
See you in Hell my friend  
I'll see you in Hell See you in Hell  
See you in Hell, see you
