Take Time

Terra Naomi

Morning comes too soon
I was into you
And there is so much
I want to tell you
Before you goTake time,take time
Take mine
Take time,take time
Take mine...Searching for love
Couldn't get enough of your eyes
They see into mine
Know my truth
Know my liesTake time,take time
Take mine
Take time,take time
Take mine...Why does it always have to end?
I want to stay here with love
And watch the flowers
from my bedroom window,
grow without usSo much I wanted to tell you...Take time,take time
Take mine
Take time,take time
Take mine
