

# Baby, Oh No

## Bow Wow Wow

He's a man I ain't never seen, but I choose it's only so  
He's a man with cash in his hand, he's my baby, my baby, oh no  
If I ain't alright, and I'm feeling alright  
I'm so ready to go, and my baby, oh no

[Chorus]

But my baby, oh no, you make me lose my self-control  
I'll go crazy, whoah, if baby oh no doesn't show  
Hard and mean, he's a rhythm machine, he can move it fast or slow  
Man's got style, he don't never smile, he's my baby, my baby, oh no

My head's in a mess and I've torn my best dress  
But I ain't like the rest, gonna make him say yes

[Chorus]

I want him, I need him, I want him, I need him  
He can move it, he can groove it, he's a rhythm machine  
He can take me, he can break me, he's so hard and so mean  
He's my lover, he's my hero, take it fast, take it slow  
My baby, my baby, my baby oh no  
My head's in a mess and I've torn my best dress  
But I ain't like the rest, gonna make him say yes

[Chorus until fade]
