Insanity (Der Poet Remix)

Culture Beat

I started a trip through my mind today
To find, something I might have lost on my way
I know, that I know less than zero
Wanna know myself, looking in the mirrorTake, your broken pieces to repair
And I, will take you home to anywhere
I know, that I know less than zero
Wanna know myself, looking in the mirrorI know a place, in a corner of your mind
Insanity, insanity
An endless maze, in a corner of your mind
Insanity, insanityI know a place, in a corner of your mind
Insanity, insanity
An endless maze, in a corner of your mind
Insanity, insanity
