Help Me When You're Gone

Starflyer 59

I will be right here
When you say
Spend your days with me always
No complaintI'm leaving and I won't delay
I won't delay
Summer time and summer days
And summer days
Help me when you're gone...I will be right here
When you say
Share your love with me only
AnywayI'm leaving and I won't delay
I won't delay
Summer time and summer days
And summer days
Help me when you're gone...
