

Let It Go

Great Big Sea

Hey man, you don't know what you're missing
You count your curses and forget about the blessings
Don't you think you should learn a little lesson
What are you waiting for? Hey man, what makes you so special now
Can't seem to find the angels for the devils
Don't you think that if you learned to love a little
You'd live a whole lot more Let it go, let it go this is smaller than you know
It's no bigger than a pebble lying on a gravel road
Let it go, let it go got to leave it all behind you
Give the sun a chance to find you
Let it go Hey man, there's no time for crying now
You made your bed but don't think its fit to lie in
Your wasted on the ground when you know you should be flying
What are you waiting for? Let it go, let it go this is smaller than you know
It's no bigger than a pebble lying on a gravel road
Let it go, let it go got to leave it all behind you
Give the sun a chance to find you
Let it go, oh just let it go How can a man not see it seems so clear to me
But you've just got to live and learn
Smile at the simple stuff
'Cause this road ain't long enough
To miss a single turn Let it go, let it go this is smaller than you know
It's no bigger than a pebble lying on a gravel road
Let it go, let it go got to leave it all behind you
Give the sun a chance to find you
Let it go Let it go
It's no bigger than a pebble lying on a gravel road
Let it go, let it go
