Problem (To You)

Fireside

It's not a problem
Give me the answerHow can I get close to you
When all you do is push me awayIt's not a problem
Well it's a problem to you
Give me the answer
And I'll give you the clue
Your at your hideout
You're only part of the new
Turning your back at your own sideHow can I get close to you
When all you do is push me awayYour at your hideout
You're only part of the new
Turning your back at your own side
I'll turn the other cheek to you
And then you'll payIf it kills you why don't let it slip away
Ain't it really just a way to hide away
In so many ways you and me we are just the same
Such a perfect thing to say when you hide your faceIt's not a problem
Well it's a problem to you
Give me the answer
And I'll give you the clue
Your at your hideout
You're only part of the new
Turning your back at your own side
And then you'll pay
