Left & Right In The Dark

Julian Casablancas

Running in the parking lot, I'm four years old
I am lost, those were the days
Soft memory of voices in the other room
Comforting you, as you fall asleepStaring at the mother-daughter clones go by
We're in a race against time
And time might be winningAnd it's not gonna take all day long
Watching the urban decay all around us, oh boy
And I'm on my way on somewhere
Feels like I'm going left and right in the dark
How long must you wait
How long must you stayWake up (x8)I'm just saying that there may have be sometimes
I might have used tricks to make you like me more
When I found you I was running wld
Let's get outta here, and let's travel thereI wanna know what are you baby
'Cause I think, I think you don't knowSliding across the Indian wildnerness
Like the wind, riding down sore throats
6am and you're in Hollywood
And you're dancing, we made itWe are turning back the Earth so fast
That it feels a lot slowerAnd it's not gonna take all day long
Watching the urban decay all around us, oh boy
And I'm on my way on somewhere
Feels like I'm going left and right in the dark
How long will it take
To fix what can't breakWake up (x8)Your girl is ill, as you like to feel
Your fingers on the wheel
Don't let the? all live in the zoo
With the director and the actor and the groom and the viewers
Boys get their toys and girls get their dolls and
Nothing much gets easier in the final stagesAre you spending today as the same
As your life in corruption and?Wake up (x8)
Wake up (x8)
