

# Fall on Me

## Paradise Fears

I feel this rushing closer,  
The stillness takes us over,  
Anticipation sets in,  
Like the distant strings of your favorite song,  
And the first note is the best note, You were like the ocean,  
Perfect is your motion,  
The world is closing in, You were like a scene that I played in my head,  
Singing now or never,  
Swearing every word,  
We said we'd be together,  
Said we'd always have a chance to make it,  
We'll make it, Every month is another mistake,  
Every second growing closer to heartbreak,  
What are we doing here,  
Why is nothing clear? In your eyes,  
Surprises have shown me the way that I hurt you,  
I swear I don't want to,  
You're always there to remind me of when, You were like the ocean,  
Perfect is your motion,  
The world is closing in, You were like a scene that I played in my head,  
Singing now or never,  
Swearing every word,  
We said we'd be together,  
Said we'd always have a chance to make it,  
We'll make it, And you won't know,  
No you'll never know,  
Which way to go,  
Which way to go, You were like a scene that I played in my head,  
Singing now or never,  
Swearing every word,  
We said we'd be together,  
Said we'd always have a chance to make it,  
We'll make it, Woah x 3!
