

Change of Heart (J Rintamäki Remix)

El Perro del Mar

Her hand in the darkness
I follow for so long
your voice in my ear
carry me back home
wishing you'd consider
a change of heart
but all are so bitter
and we will never stop
we will never stop (x4)A light in the darkness
been dreaming for so long
searching for a witness
or means to carry on
sweet talk for hours
'bout things we're gonna' do
and sometimes I lose track of my heart
but this could never work out oh ohhNever stop
we will never stop (x3)We will never stop (x4)
