

# I Only Really Miss You When I'm Stoned

## Miss Tess

You know I only really miss you when Iâ€™m stoned,  
And I only want to kiss when Iâ€™m alone  
I would have never called you if Iâ€™d really known  
Youâ€™d be after me again  
Would you want me to pretend  
That we are more than friends  
And that this will never end.

Oh I never seem to take my own advice,  
But whatever Iâ€™ve been smokenâ€™s tasting nice  
Iâ€™ll reconsider if you ask me twice  
And youâ€™re asking me again  
Would you just want to pretend  
That we are more than friends  
And that this will never end.

Iâ€™m really sorry Iâ€™m like this all the time  
But there something clouding up my frame of mind,  
But honey youâ€™re the only one that I can find  
Oh but donâ€™t come back again  
Or I might want to pretend  
That we are more than friends  
And that this will never end.
