

# Blood One

## Bikini Kill

A-E-I don't owe you nothing  
Nothing  
nada,  
Nothing, never  
I don't fit into yr dumb words  
Language is memory pushing thru my skin  
Bloody memory that filters everything  
Blood is One  
Hate is Two  
My Pussy is Three, 3  
That makes you for  
Peace, Love and Equality  
Your terms  
I don't fit into those words  
Yr alphabet is spelled with my blood  
Yr alphabet is spilled with our blood  
Blah, blah, blah, blah, blah  
I don't understand  
I don't understand
