14 Arms

Crash Kings

You can't say you'll start a revolution
Just because you're six feet into your head
And I won't lie, I'm singing evolution
But fourteen arms will execute the point that I stressBut there won't be anything
Compared to what the world has shown us
We're nothing but a speck
Let's give them what they least expectIf the snake gets the rabbit in the end
Think twice, then pretend to reverse the roles
And tell me what you think is the best
Should you take it like a monkey or a man?
Well, God only knowsIt's alright, lay your cards on the table
And throw your voice into the ring of the fight
And I won't lie, I'm willing and able
But fourteen arms will execute the point
Yeah, will execute the pointBut there won't be anything
Compared to what the world has shown us
We're nothing but a speck
Let's give them what they least expectIf the snake gets the rabbit in the end
Think twice, then pretend to reverse the roles
And tell me what you think is the best
Should you take it like a monkey or a man?
Well, God only knows
