

# Ain't So Simple

## Protomartyr

Hello there  
You are all now witnesses  
To a kind of confrontation  
Between me and  
These three men  
It ain't so simple  
Treason is crime  
No, it ain't so simple  
And here's the reasons why  
This one, he always jeers me  
Makes fun of my scanty head  
I'll send the bears to kill him  
Make the lame leap like stags  
And It ain't so simple  
Treason is crime  
No, it ain't so simple  
And here's the reasons why  
This things that sits behind me  
A jumped-up homunculus  
O yes, he sings so sweetly  
O no, he'll drown discreetly  
It ain't so simple  
Treason is crime  
No, it ain't so simple  
And here's the reasons why  
Last one, the flannel acre  
Everybody seems to love him  
Guess I'll keep him around  
Until the next song
