If I

Bif Naked

Have you heard da news, today?
I left you in the dust, and that's where you'll stay
You never mattered anyway
You don't really know how to play the gameIf I shed my skin, I won't feel
(if I shed my skin)
If I close my eyes, I won't see you
(If I close my eyes)If I cover my ears and I won't hear
(If I close my ears)
I shut my mouth and I won't tell
The truthYou have a venomous tongue
You deserve an iron lung
You're spending your time obsessing
And your hate will not ever let you beIf I shed my skin, I won't feel
(If I shed my skin)
If I close my eyes, I won't see you
(If I close my eyes)If I cover my ears and I won't hear
(If I close my ears)
I shut my mouth and I won't tell
The truth about you
