For The Love Of You

Jordan Hill

Tell me what can I say
Baby what can I do just to get through to you
My head is spinning around feelings turning to blue, yeah
Baby don't you know it's trueI walk each day down the street where you live
I've waited for the right time, somethin's gotta give
I'd try to say it but the words come out wrong
So listen while I sing you this songHere is my heart, here is my soul
Take what you want, baby don't ever let go
'Cause every little thing that I do, yeah
I do it for the love of, do it for the love of youYeah
Ooh babyEvery time that you hurt, you know I'm feelin' it too
Baby don't you know it's right, yeah
'Cause every day that I live, I dedicate it to you, yeah
Each and every nightI tried to play it time after time
But the kind of rush you give me, I can never hide
So listen to these words that I say
Won't let you go, no how, no wayHere is my heart, here is my soul
Take what you want, baby don't ever let go
'Cause every little thing that I do, yeah
I do it for the love of, do it for the love of youI walk each day down the street where you live
I've waited for the right time, somethin's gotta give
I'd try to say it but the words come out wrong
So listen while I sing you this songHere is my heart, here is my soul
Take what you want, baby don't ever let go
'Cause every little thing that I do
I do it for the love of, do it for the love of youHere is my heart, here is my soul
Take what you want, baby don't ever let go
'Cause every little thing that I do, yeah
I do it for the love of, do it for the love of youHere is my heart, here is my soul
Take what you want, baby don't ever let go
'Cause every little thing that I do, yeah
I do it for the love of, do it for the love of youHere is my heart, here is my soul
Take what you want, baby don't ever let go
'Cause every little thing that I do
I do it for the love of, do it for the love of you
