

Back to Your Heart

Dinosaur Jr.

Breathe your air, cut my teeth
[Incomprehensible] that look like me
Ashes stained window sill
Hong Kong dream [Incomprehensible] Free your family, use your mind
Think about the valley from time to time
Bittersweet things, I've never been
Happy that we left but I would leave again for you Back to your heart
Back to your heart
Back to your heart You are the only one sharing some
I'll wait for you To breathe your air, tend to me
Tell me what you want and I will try to be
Everywhere, all the time
Think about the future that the past unwinds
'Cause you are the shining sun
The summer comes, I'll leave again for you Back to your heart
Back to your heart
Back to your heart
