Goodbyes (Official Video)

Jorja Smith

[Verse 1]
How could we know
That there wouldn't be tomorrow
No birds will sing
But the bells will ring for you
So far to go
But you've already reached the light
Your new beginning
Chapters are written out for you
Down here they're hurting
From a broken heart
Trying to figure out
How this is real
[Chorus]
'Cause you're never coming back down
You belong to the stars in the clouds
Goodbyes, good times
And all we hear is all for you
If you didn't say your goodbyes
Don't worry love will bear it through
'Cause you're never coming back down
You belong to the stars in the clouds[Verse 2]
How do we go
If you're not moving with us
Constantly dark
Time will move in our favor
They'll never know
But they just keep on asking when
We're down here hurting
From our broken heart
Trying to figure out
How this is real
[Chorus]
'Cause they're never coming back down
They belong to the stars in the clouds
Goodbyes, good times
And all we hear is all for you
If you didn't say your goodbyes
Don't worry love will bear it through[Bridge]

I'm sorry that I never replied
How was I to know this would be our last Goodbye
We can't look at the world with tears in our eyes
Don't cry don't cry, don't cry don't cry[Chorus]
Just think of all the good times you've left behind
And all we hear is all for you
If you didn't say your goodbyes
Don't worry love will bear it through
'Cause you're never coming back down
You belong to the stars in the clouds
