

# Baby's Request

Paul McCartney

When the moon lays his head on a pillow  
And the stars settle down for a rest  
Just do me one small favor, I beg you  
Please play me my baby's requestIt's the song that we heard when we started  
Now the birds have all flown from our nest  
But you could bring back memories departed  
By playing my baby's requestMy baby said that she knows how it goes  
But you're the one that really knows  
So go ahead, just one more time  
And then we'll go to bedBut you could bring back memories departed  
By playing my baby's requestMy baby said that she knows how it goes  
But you're the one that really knows  
So go ahead, just one more time  
And then we'll go to bedWhen the moon lays his head on a pillow  
And the stars settle down for a rest  
Just do me one small favor, I beg you  
Please play me my baby's requestPlay me my baby's request  
Please, play me my baby's request  
One more time
