

# Come Home for Christmas

## The Platters

Won't you please come home for Christmas?  
Everyone will be there  
When it's time, come home for Christmas  
We'll have your favorite chair When your heart starts reminiscing  
Things like kissing mistletoe  
The glistening, you'll be missing  
On the tree decked with cotton snow So if you come home for Christmas  
Oh, how the bells will ring  
As we gather in the chapel  
How we'll sing It's been long but please remember  
[Incomprehensible]  
The faithful all come home for Christmas
