Hanging On Me

Pitty Sing

Heart attack, attack, I wanna be dressed in circles
I wanna be over, I wanna be over
Heart attack, attack, I follow the men of elbows
I wanna be stolen, I wanna be stolen
And just a minute here and just a minute there
And when the end has come we won?t be anywhere
Ask the heart again, ask the heart again
And when it says hello then you just leave again
I love you anyway, I love you anyway
But when our love is black you always go away
I never have to say I know
And now I can?t feel you hanging on me
Stay with me and never leave me
No one else can feel the way you do
Heart attack, attack, I follow the holy soldiers
I wanna be so good, I wanna be so good

And just a minute there, and just a minute there
And when the end has come we won?t be anywhere
And this I ask of you only me to you
And to a miracle is where we?re going to
I can?t control myself, I can?t control myself
But when the end has come you copy no one else
I never have to say I know
And now I can?t feel you hanging on me
Stay with me and never leave me
No one else can feel the way you do
Heart attack, attack, I follow the holy soldiers
I wanna be so good, I wanna be so good
And I just fly, I just fly in my mind
And how could I ever be so ordinary even when you?re there
You?re always there, you?re always there I know
