

# I Believe (Punky Irie Mix)

## Blessid Union Of Souls

Walk blindly to the light and reach out for his hand  
Don't ask any questions and don't try to understand  
Open up your mind and then open up your heart  
And you will see that you and me aren't very far apart 'Cause I believe that love is the answer  
I believe that love will find the way  
Violence is spread worldwide and there are families on the street  
And we sell drugs to children now oh why can't we just see  
That all we do is eliminate our future with the things we do today  
Money is our incentive now so that makes it okay  
But I believe that love is the answer  
I believe that love will find the way  
I believe that love is the answer  
I believe that love will find the way  
I've been seeing Lisa now for a little over a year  
She said she's never been so happy but Lisa lives in fear  
That one day daddy's gonna find out she's in love  
With a nigger from the streets  
Oh how he would lose it then but she's still here with me  
'Cause she believes that love will see it through  
And one day he'll understand  
And he'll see me as a person not just a black man 'Cause I believe that love is the answer  
I believe that love will find the way  
I believe I believe I believe I believe that love is the answer  
I believe that love will find the way  
Love will find the way  
Love will find the way  
Love will find the way  
Please love find the way  
Please love find the way
