

# Relief

## Bury Tomorrow

And I know you're thinking the worst  
It's in those eyes at, first  
It's neither good, or bad  
So please, show me your thoughts  
So please show me, your thoughts  
And so please show me, what I meant to believe It's neither good or, bad  
So please show me your thoughts  
So show me what to believe in
