Rough

Habstrakt

Doomsday calling
Karmas burning
Seeing black
Chaos forming
Vulture culture
Total rapture
Killing kingdom
Now has come
Make it rough
Fucking rough
It's how you land
Not how you fall (2x)
Incendiary
Mercenary
Seeing red
You turn to ashes
Eclipse comes
Blot out the sun
You crash and burn
You trash and burn
Make it rough
Fucking rough
It's how you land

Not how you fall (2x)
Hostility
Brutality
I'll blind the world
Reality
Against the world
We're coming rough
The king of kings
Designed me though
The riots
The bombs
The city is a tomb
Corrosion
Corruption
Unleash destruction

Critical time
Critical mass
Make it rough
Killing fast
Make it rough
Fucking rough
It's how you land
Not how you fall (4x)
