Skidmarks On My Heart (Live - Boston, MA)

The Go-Go's

You sure know how to hurt a girl
Fewer hugs and no more kisses
Just water for your carburetor
And bearings for your pistonsRev her engine for your pleasure
Caress and fondle her steering wheel
But when you moan and hug her gear shift
Stop! Think how it makes me feelOh, skidmarks on my heart
You've got me in fifth
You're burning rubber like my loveOh, skidmarks on my heart
You've got me in fifth
You're burning rubber like my loveSpend all your time and money
On that Pontiac GTO pile
Getting tired of your greasy antics
My pride's getting hurt by the mileBlow her engine, blow my mind
Keep her shocks and brakes aligned
I see that you're all jacked up
Leaving me and your exhaust behindOh, skidmarks on my heart
You've got me in fifth
You're burning rubber like my loveOh, skidmarks on my heart
You've got me in fifth
You're burning rubber like my loveOne, two, three, fourI buy you cologne
You want to axle grease
You say, "Get a mechanic"
I say, "Get a shrink"I need promises
You need Motor Trend
Our love needs an overhaul
Or this is may be the endOh, skidmarks on my heart
You've got me in fifth
You're burning rubber like my loveOh, skidmarks on my heart
You've got me in fifth
You're burning rubber like my loveI'm driving in risk
I'm driving in risk
I'm driving in risk
I'm driving in risk
