

# Hearts/Wires

## Deftones

Nothing can save me now  
It's what I believe  
The slit in the sky when you left  
Is all I see  
Nothing to sing about  
I've bared all my leaves  
No vision of dreams about you  
Came true for me  
Cut through  
This razor wire  
And died on your heart  
Writhe 'till the end  
Stuck with illusion now  
I drown in your sea  
I hope that you first save yourself  
And then come for me  
Cut through  
This razor wire  
And died on your heart  
Writhe to the end  
Break through  
Collect the wires  
And writhe in your heart  
Writhe 'till the end  
Away, away, away  
Down deep into your veins  
All the way  
All the way  
Down deep in your heart  
All the way  
All the way  
All the way, away  
Cut through (away)  
This razor wire (away)  
Writhe 'till the end  
Break through (away)  
Collect the wire (away)  
Died on your heart  
Writhe 'till the end
