

# Joker In the Pack

## Bombshell Rocks

He's the joker in the pack  
Wrecks the common track  
And leaves just unrecognitionAnd he moves like a truck  
Along with lady luck  
Fear, hate and desperationI ain't no king  
I ain't no ace  
'Cuz I've never seen such graceThrow me aside  
And I'll still come back  
Throw me aside  
'Cuz I'm the joker in the pack, heyWatch the black sheep  
He's goin' real deep  
He fights his own little warAnd he knows the deal  
The wounds won't heal  
The world keeps knockin' on the doorI ain't no king  
I ain't no ace  
'Cuz I've never seen such graceThrow me aside  
And I'll still come back  
Throw me aside  
'Cuz I'm the joker in the pack, heyThrow me aside  
And I'll still come back  
Throw me aside
