

# Please Please Please (Young Hollywood)

## Head Automatica

You scream louder than fiction  
And you get down on your knees  
And tear open your heart  
So I can love you and your disease Lick the hand that feeds you  
And kiss the blade that cuts  
I want to fuck you in your god's hands  
When your praying bites the dust Please, please, please, please, please, please, please, please  
Let me anoint the lust inside you  
Please, please, please, please, please, please, please, please  
Let me devalue you what's inside you Hollywood at night hanging around  
If this is a must, then dying is a must right now  
Hollywood at night hanging around  
If this is a must, then dying is a must right now And I'll deny you  
Fact or fiction? Fact or fiction? Fact or fiction?  
It's a mission to survive, and learn to want you  
When I hate, when I hate what's all inside Please, please, please, please, please, please, please, please  
Let me anoint the lust inside you  
Please, please, please, please, please, please, please, please  
Let me devalue what's inside you Hollywood at night hanging around  
If this is a must, then dying is a must right now  
Hollywood at night hanging around  
If this is a must, then dying is a must right now It's over  
It's over  
It's over  
It's over You scream louder than fiction  
And you get down on your knees  
And tear open your heart  
So I can love you and your disease You lick the hand that feeds you  
And kiss the blade that cuts  
I want to fuck you in your god's hands  
When your praying bites the dust Please, please, please, please, please, please, please, please  
Let me anoint the lust inside you  
Please, please, please, please, please, please, please, please  
Let me devalue what's inside you Hollywood at night hanging around  
If this is a must, then dying is a must right now  
Hollywood at night hanging around  
If this is a must, then dying is a must right now Hollywood at night hanging around  
If this is a must, then dying is a must right now  
Hollywood at night hanging around

If this is a must, then dying is a must right now
