

The Futurist

Robert Downey Jr.

You have body, you give soul
You're a soul survivor, it's so, it's so clear
I love long gone songs of olden
You sing throughout the year It'll be like lovers
For the rest of our lives
I won't have to run around
Baby, you won't have to think twice They'll take the walk
We'll sage the world
Sounds like October
A futurist nose
Our furious, curious, fantasist code Gimme your body
Won'tcha give me your sweet soul
Love when you take over
I love when you take control It'll be like lovers
For the rest of our lives
I won't have to run around
You won't have to think twice They'll take the walk
We'll sage the world
Sounds like October
A futurist nose
Our furious, curious, fantasist code There's a big
There's an adventurous God out there
All these purple spheres
Where the creature It'll be like lovers
For the rest of our lives
No run around
Think twice, twice They'll take the walk
(We'll sage the world)
We'll sage the world
Sounds like October
(We'll take)
A futurist nose
Our furious, curious, fantasist code
Furious, curious, fantasist code
(One more line)
Our furious, curious, fantasist code And it just still happens here
Hey
Not alone, not alone, not alone, not alone, not alone
