

Tomorrow (Dirty Vegas Club Remix)

Ladytron

I don't hate you or want you
Enough to wake you
There's a crack in the window
Return off the key in ignition So if you freeze tomorrow
Come back lucky
We saw that your eyes were closing There's a crack in the window
Return off the key in ignition
But I don't hate you or want you
Or celebrate you So if you freeze tomorrow
Come back lucky
We saw that your eyes were closing So if you freeze tomorrow
Come back lucky
We saw that your eyes were closing But I don't hate you or want you
Enough to wake you So if you freeze tomorrow
Come back lucky
We saw that your eyes were closing So if you freeze tomorrow
Come back lucky
We saw that your eyes were closing We saw that your eyes were closing
We saw that your eyes were closing
We saw that your eyes were closing
We saw that your eyes were closing So if you freeze tomorrow
Come back lucky
