

Suntan City

Luke Bryan

(It's 'bout that time a year again!)

It was bumper to bumper when I hit Bay county
So I stopped and let the top down
Speakers were a bumpin'
Little hip-hop somethin'
I was stirrin' up a coke and crown
Didn't even check in the room
We went straight for the beach
Didn't even give the ice a chance to melt
Now I'm scoutin' my spot
Where we were gunna rock
With the biggest buzz I ever felt

[Chorus] Now I'm sittin' pretty in Suntan City
Got the best view in the world
Spendin' my days, catchin' these rays
Watchin coconut covered girls
They keep strollin' by
And they keep rollin' in
Like the waves on the sand
Yea, I'm sittin' pretty in Suntan City
With a cold one in my hand
(Whoooo!)

Hey there cutie with a Kentucky coozie
Have you ever hung with a Georgia boy?
Why don't you and your friends
Ease on over here and chug a beer with Miss Illinois?

[Chorus] Yea I'm sittin' pretty in Suntan City
Got the best view in the world
Spendin' my days catchin' these rays
Watchin coconut covered girls
They keep strollin' by
And they keep rollin' in
Like the waves on the sand
Yea, I'm sittin' pretty in Suntan City
With a cold one in my hand

[Bridge] I gotta buddy who blew all his money
And he had to stay his broke-ass home
He's been goin' crazy, blowin' up my phone

Wantin' to know whats goin' on
[Chorus]I tell him I'm sittin pretty in Suntan City
Got the best view in the world
Spendin' my days catchin' these rays
Watchin coconut covered girls!
And they keep strollin' by
And they keep rollin' in
Like the waves on the sand
Yea, I'm sittin' pretty in Suntan City
With a cold one in my hand
(Yeah!)
Sittin' pretty, right here in Suntan City
