

Breaking Ties (Flow Mix)

Oceanlab

Oh when the cold wind blows
I feel it to the bone
Oh when you say you know
I feel I am not alone

And even though I may return
To empty places on my own
Where I remember everything
You want me to forget

And you provide a parachute
When I am falling like a stone
And I remember there's a life
That I have not lived yet

You and I, truth and lies
I've been fooling myself too long
You and I, breaking ties
How could we be so right and so wrong?

I hear the words you say
Your mouth against my skin
My world just falls away
You light me from within

And even though I may return
To empty places on my own
Where I remember everything
You want me to forget

And you provide a parachute
When I am falling like a stone
And I remember there's a life
That I have not lived yet

You and I, truth and lies
I've been fooling myself too long
You and I, breaking ties
How could we be so right and so wrong?

Truth and lies
Breaking ties

You and I, truth and lies
I've been fooling myself too long
You and I, breaking ties
How could we be so right and so wrong?
