

I Want You

Aretha Henry-Jones

Ooooooh

Oooh Ooh Ooh Ooh ooh I want you

I want you

Oooh Ooh Ooh Ooh ooh Ooh Ooh Ooh

*Repeat

I wonder if he notices me watching him lick his lips
I wonder what he'd do if I leaned over and gave him a kiss
He's so perfect, so fine I gotta make him mine
All mine

I like the way he's looking at me
Trying my best not to smile
Ooh This is wrong on so many levels
So I'll just take my time
But it's hard to keep my cool
Cause everything you do makes me wanna bite you

Oooh Ooh Ooh Ooh ooh I want you

I want you

Oooh Ooh Ooh Ooh ooh Ooh Ooh Ooh

*Repeat

I tried and tried to block out thoughts of you from my mind
But when I see you they come back to me every single time
It's usually not my style to be the chick on the side
But he got me thinking I could just maybe kick it for a while

I'm tryna listen but I can't hear nothing
Just see your lips moving and all my mind is saying is
"touch me touch me"

Anywhere

My shoulder, my arm, my thigh
Just wanna know what your hands feel like

Oooh Ooh Ooh Ooh ooh I want you

I want you

Oooh Ooh Ooh Ooh ooh Ooh Ooh Ooh

*Repeat

I want you

I want you

I want you

Just wanna know what your hands feel like

I want you

I want you

I want you

Just wanna know what your hands feel like

Oooh Ooh Ooh Ooh ooh I want you

I want you

Oooh Ooh Ooh Ooh ooh Ooh Ooh Ooh

*Repeat

Just wanna know what your hands feel like

Oooh Ooh Ooh Ooh ooh I want you

I want you

Oooh Ooh Ooh Ooh ooh Ooh Ooh Ooh

Just wanna know what your hands feel like
