

Drop It

Mumzy Stranger

Drop the base, drop the gun,
Im not I wanna be, here I come,
Ive been doing this since I was young,
And now Im in top of it, never be done,
This melody its a ..
And when you put me together its very rare,
Ice cold, thats me, baby.

[Chorus:]

All I wanna do is just make my money,
Please my honey, I do what I gotta do,
Let me hear you say, ohh oh
Say it one more time again, oh oh oh oh,
I got more gipsy in my hand.
Now Im going crazy cause I cant understand,
Dancing in a corner, do it I cant stand
Drop it, drop it, just drop it, drop it,
Can you drop it, drop it, drop it, drop it,
Its talking me to drop now.
Can you drop now, drop now,
Its talking me to drop now.
I say confess is it rehearse, no
cause what I say its from my heart,
All I do is flow,
Im not a bad man or a city boy,
cause I come from the good .
To all the ladies forget you hand bags,
I caught everything you need, tell me your plans,
Ice cold, thats me, baby.

[Chorus:]

All I wanna do is just make my money,
Please my honey, I do what I gotta do,
Let me hear you say, ohh oh
Say it one more time again, oh oh oh oh,
I got more gipsy in my hand.
Now Im going crazy cause I cant understand,
Dancing in a corner, do it I cant stand,
Drop it, drop it, just drop it, drop it,
Can you drop it, drop it, drop it, drop it,
Its talking me to drop now.

Listen, its my time, I wanna be doing this all my life, yeah, yeah
Ill show you how I wrote,
Just let me take control, now Im gonna make my last try, ooohh
And I want it, gonna get it.
[Chorus:]
