# Hoops (Acoustic)

## JONES

Meet me at the moment it was equal
And those weekends, where love seems so simple
Saturdays now far away
Since you say we're different people
How high do I climb for youGotta jump through hoops
To get to you
To anything I own
Even if I could, be close to you
You never break the fall
Shake this divide when right on my side
For every angle that I try
Still I jump through hoops
To get to you
Stone cold landing, I'm still where you left me
Crumbled, story, circles never ending
Butterflies learn to fly
Though I tried to hide these feelings
This motion sickness, sequence
It could be the death of meAnd I jump through hoops
To get to you
To anything I own
Even if I could, be close to you
You never break the fall
Shake this divide when right on my side
For every angle that I try
Still I jump through hoops
To get to you
Calling love, calling love
I've seen all your faces
It's not love, it's not love
Boy don't make me chase it
For your love, for your love
Oh it leaves me breathless
I'm in love, I'm in loveAnd I jump through hoops
To get to you
To anything I own
Even if I could, be close to you
You never break the fall
Shake this divide when right on my side

For every angle that I try
Still I jump through hoops
Gotta jump through hoops
