

Hey Pretty

Poe

Well, it's 3 a.m. I'm out here riding again
Through the wicked winding streets of my world
I make a wrong turn break it now, I'm too far gone
I got a siren on my tail and that ain't the fine I'm lookin' for I see a stairway so I follow it down
Into the belly of a whale where my secrets echo all around
You know me now but to do better than that
You've got to follow me boy, I'm tryin' to show you where I'm at Hey pretty
Don't you wanna take a ride with me through my world?
Hey pretty
Don't you wanna kick and slide through my world? Now I've got a mind full of wicked designs
I've got a non-stop hole in my head-imagination
I'm in a building that has two thousand floors
And when they all fall down, I think you know it's you they're fallin' for I can't forget, I am a sole architect
I built the shadows here, I built the growlin' voice I fear
You add it up but to do better than that
You've got to follow me boy, I'm tryin' to show you where I'm at Hey pretty
Don't you wanna take a ride with me through my world?
Hey pretty
Don't you wanna kick and slide through my world? Hey pretty
My pretty, baby, rock it through my world
Hey pretty
My pretty, baby, rock it through my world Hey, now can't you feel me longing?
(Do you get the gist of this song now?)
Hey, now can't you feel me longing?
(Feel me now) Hey pretty, hey pretty
(My pretty, baby)
Hey pretty, baby
(Don't you wanna take a ride with me?)
(Don't you wanna take a ride with me?)
(Don't you wanna take a ride with me?) My pretty, baby
(Don't you wanna)
Rock it through my world
(Don't you wanna take a ride with me?)
(Don't you wanna) Don't you wanna take a ride with me?
(Do you get the gist of this song now?)
Don't you wanna take a ride with me?
(Do you get the gist of this song now?)
My pretty, baby
