

Take The Key

All Saints

Take the key and you'll find
Lovin' you makes me feel
I hold the key in my heart you know it's true
When love time is right I shall give it a give it to you a
I never want another love, you're the only one I'm thinkin' of
I don't want you easily I know that you see
I never felt this way before want this feeling forever more
The way you do the things you do, you run me over
Got me goin' out my mind think about you all the time
Open up the doors to mine take the key and you'll find
All my feelings are for real, play the cards and I will deal
'Coz I want you just to know loving you makes me feel
In times despair the way I feel would be unconditional
Eternal, ever-lasting oh you know I feel complete
I never want another love, your the only one I'm thinkin' of
I don't want you easily I know that you see
I never felt this way before want this feeling forever more
The way you do the things you do, you run me over
Got me goin' out my mind think about you all the time
Open up the doors to mine take the key and you'll find
All my feelings are for real, play the cards and I will deal
'Coz I want you just to know loving you makes me feel
I never want another love, you're the one I'm thinkin' of
You're a true trooper super cool number one hun
I could play pool bet poker over you
Guarantee to love 'coz I'm on all saints be
So let me count the ways in which I love thee
All in all this can't be untrue or a fantasy telling normal lies
Your love is taking me high 'coz loving you makes me feel
Got me goin' out my mind think about you all the time
Open up the doors to mine take the key and you'll find
All my feelings are for real, play the cards and I will deal
'Coz I want you just to know loving you makes me feel
Got me goin' out my mind think about you all the time
Open up the doors to mine take the key and you'll find
All my feelings are for real, play the cards and I will deal
'Coz I want you just to know loving you makes me feel
Got me goin' out my mind think about you all the time
Open up the doors to mine take the key and you'll find

All my feelings are for real, play the cards and I will deal
'Coz I want you just to know loving you makes me feel
