

# Illuminated

## Nat And Alex Wolff

Time waits for no one  
So do you want to waste some time?  
Oh, oh tonight  
Don't be afraid of tomorrow  
Just take my hand  
I'll make it feel so much better tonight Suddenly my eyes are open  
Everything comes into focus, oh  
We are all illuminated  
Lights are shining on our faces, blinding Swing me these sorrows  
And try delusion for a while  
It's such a beautiful night  
You've got to lose inhibition  
Romance your ego for a while  
Come on, give it a try Suddenly my eyes are open  
Everything comes into focus, oh  
We are all illuminated  
Lights are shining on our faces, blinding We are, we are blinding  
We are, we are blinding Suddenly my eyes are open  
Everything comes into focus, oh  
We are all illuminated  
Lights are shining on our faces, blinding We are, we are blinding  
We are, we are blinding
